

The international Organization for Migration assists migrants worldwide. IOM's activities in the Netherlands include assisting migrants with their voluntary departure from the Netherlands. For this activity, IOM is liaising with IOM offices in 157 countries.

# Assistance to migrants with a medical condition

leaving the Netherlands with IOM

## For who?

For migrants with a medical condition who decide to return to their country of origin and who meet the requirements of the International Organization for Migration's basic return programme (REAN).

## IOM in the Netherlands can assist you with:

- Advice and information about health care in your country of origin.
- Obtaining and translating medical records.
- Fit-to-fly reviews.
- A social and/or medical escort.
- Your arrival at the airport, including transfer to relatives or to a healthcare organization.
- Medical support after return.
- If you meet the requirements, IOM can assist with your reintegration plan.

## Personal Agreement

You will receive a personal agreement with your entitlements. In the agreement you'll find the address and phone number of the IOM office and the name of your contact person.

## What can IOM for you in your country of origin?

- Support as outlined in your personal agreement.
- The application of national identity documents.
- Registration for Social Security and Medicare.
- Referrals to health care providers and assistance with the application procedures.
