

CHECKLIST TO PREPARE YOUR DEPARTURE

- ☐ I have made copies of all my important (travel) documents.
(Tip: save your digital copies in your email account)
- ☐ My baggage does not exceed the weight limit and number described in my booking letter. (If it does, I will have to pay extra, which can be very expensive.)
- ☐ I only carry the allowed amount of liquids in my hand luggage. (Liquids include liquid food, cosmetics, creams or pastes.)
- ☐ I have all the medication I need during my journey and the original doctor's certificate or my medical passport in my hand luggage.
If you are pregnant: I have a doctor's certificate allowing me to fly, specifying the number of weeks of my pregnancy, in my hand luggage.
- ☐ *If you are benefitting from reintegration assistance:*
I signed the Reintegration Agreement during the IOM counselling session and kept an original copy signed by myself.

**We wish you a
safe journey!**

On the day of your departure:

If you have urgent **last minute questions** or problems concerning your departure, please call **020-7952957**

IOM will help you with checking-in baggage, your financial support, the signing of forms, immigration procedures and the Dutch Border Police (KMAR).

Make sure to inform your counsellor about special needs during your travel before coming to the airport (dietary restrictions, medication, medical assistance, wheelchair, illness etc.)

Your baggage must stay within the weight limit described in your booking letter. Every airline has its own rules. Inform yourself about the number of bags and the weight limits for your flight before you arrive at the airport.

If you are assisted, you will be given a bag with the IOM logo for easy identification by IOM. Keep this bag visible for the whole duration of your travel.

If you were residing irregularly in the Netherlands, you will have a short interview with an officer of the Dutch Border Police (KMAR) before your departure. The KMAR officer decides if you will receive a re-entry ban and informs you about the period you cannot return to the Netherlands or other European countries.
